

ACTIVITY SHEET

Local Stakeholder Mapping

For this worksheet, start in the middle circle for internal stakeholders. Who in your organization should be listed here? Are there people on other teams who might be able to help? Move to the next circle of direct stakeholders and list those that are connected and interacting with internal stakeholders. Finally, move to the outer circle and list stakeholders who might not directly be connected to the internal list. Are there key players outside this field who can impact this work?

-  Internal Stakeholders
-  Direct Stakeholders
-  Indirect Stakeholders

Consider those involved in:

- Policymaking
- Identifying & scoping public needs (for goods or services)
- Procuring public goods & services
- Advertising public tenders
- Reviewing & selecting vendor proposals
- Executing vendor contracts
- Supervising and/or evaluating vendor performance
- Delivering public goods or services to end users
- Monitoring public spending and/or service delivery
- Using public goods & services
