Form 990, Part I, Line 1, Organization's Mission:

The Open Contracting Partnership is an independent non-profit public  
charity 501(c)(3) working in over 50 countries.

We are a silo-busting collaboration across governments, businesses,  
civil society, and technologists to open up and transform government  
contracting worldwide. Bringing open data and open government together,  
we make sure public money is spent openly, fairly and effectively on  
public contracts, the single biggest item of spending by most  
governments. They are a government's number one corruption risk and  
they are vital to make sure citizens get the services that they  
deserve.

Through open contracting, we drive massively improved value for money,  
public integrity and service delivery by shifting public contracting  
from closed processes and masses of paperwork to digital services that  
are fair, efficient and 'open-by-design'.

We support reformers from government, business and civil society to  
make reforms stick, help their innovations jump scale, and foster a  
culture of openness around the policies, teams, tools, data, and  
results needed to deliver impact.

We aren't after a bit more transparency: we want a transformational  
shift in how business is done. We want to bridge fundamental gaps in  
data creation, disclosure and use.
